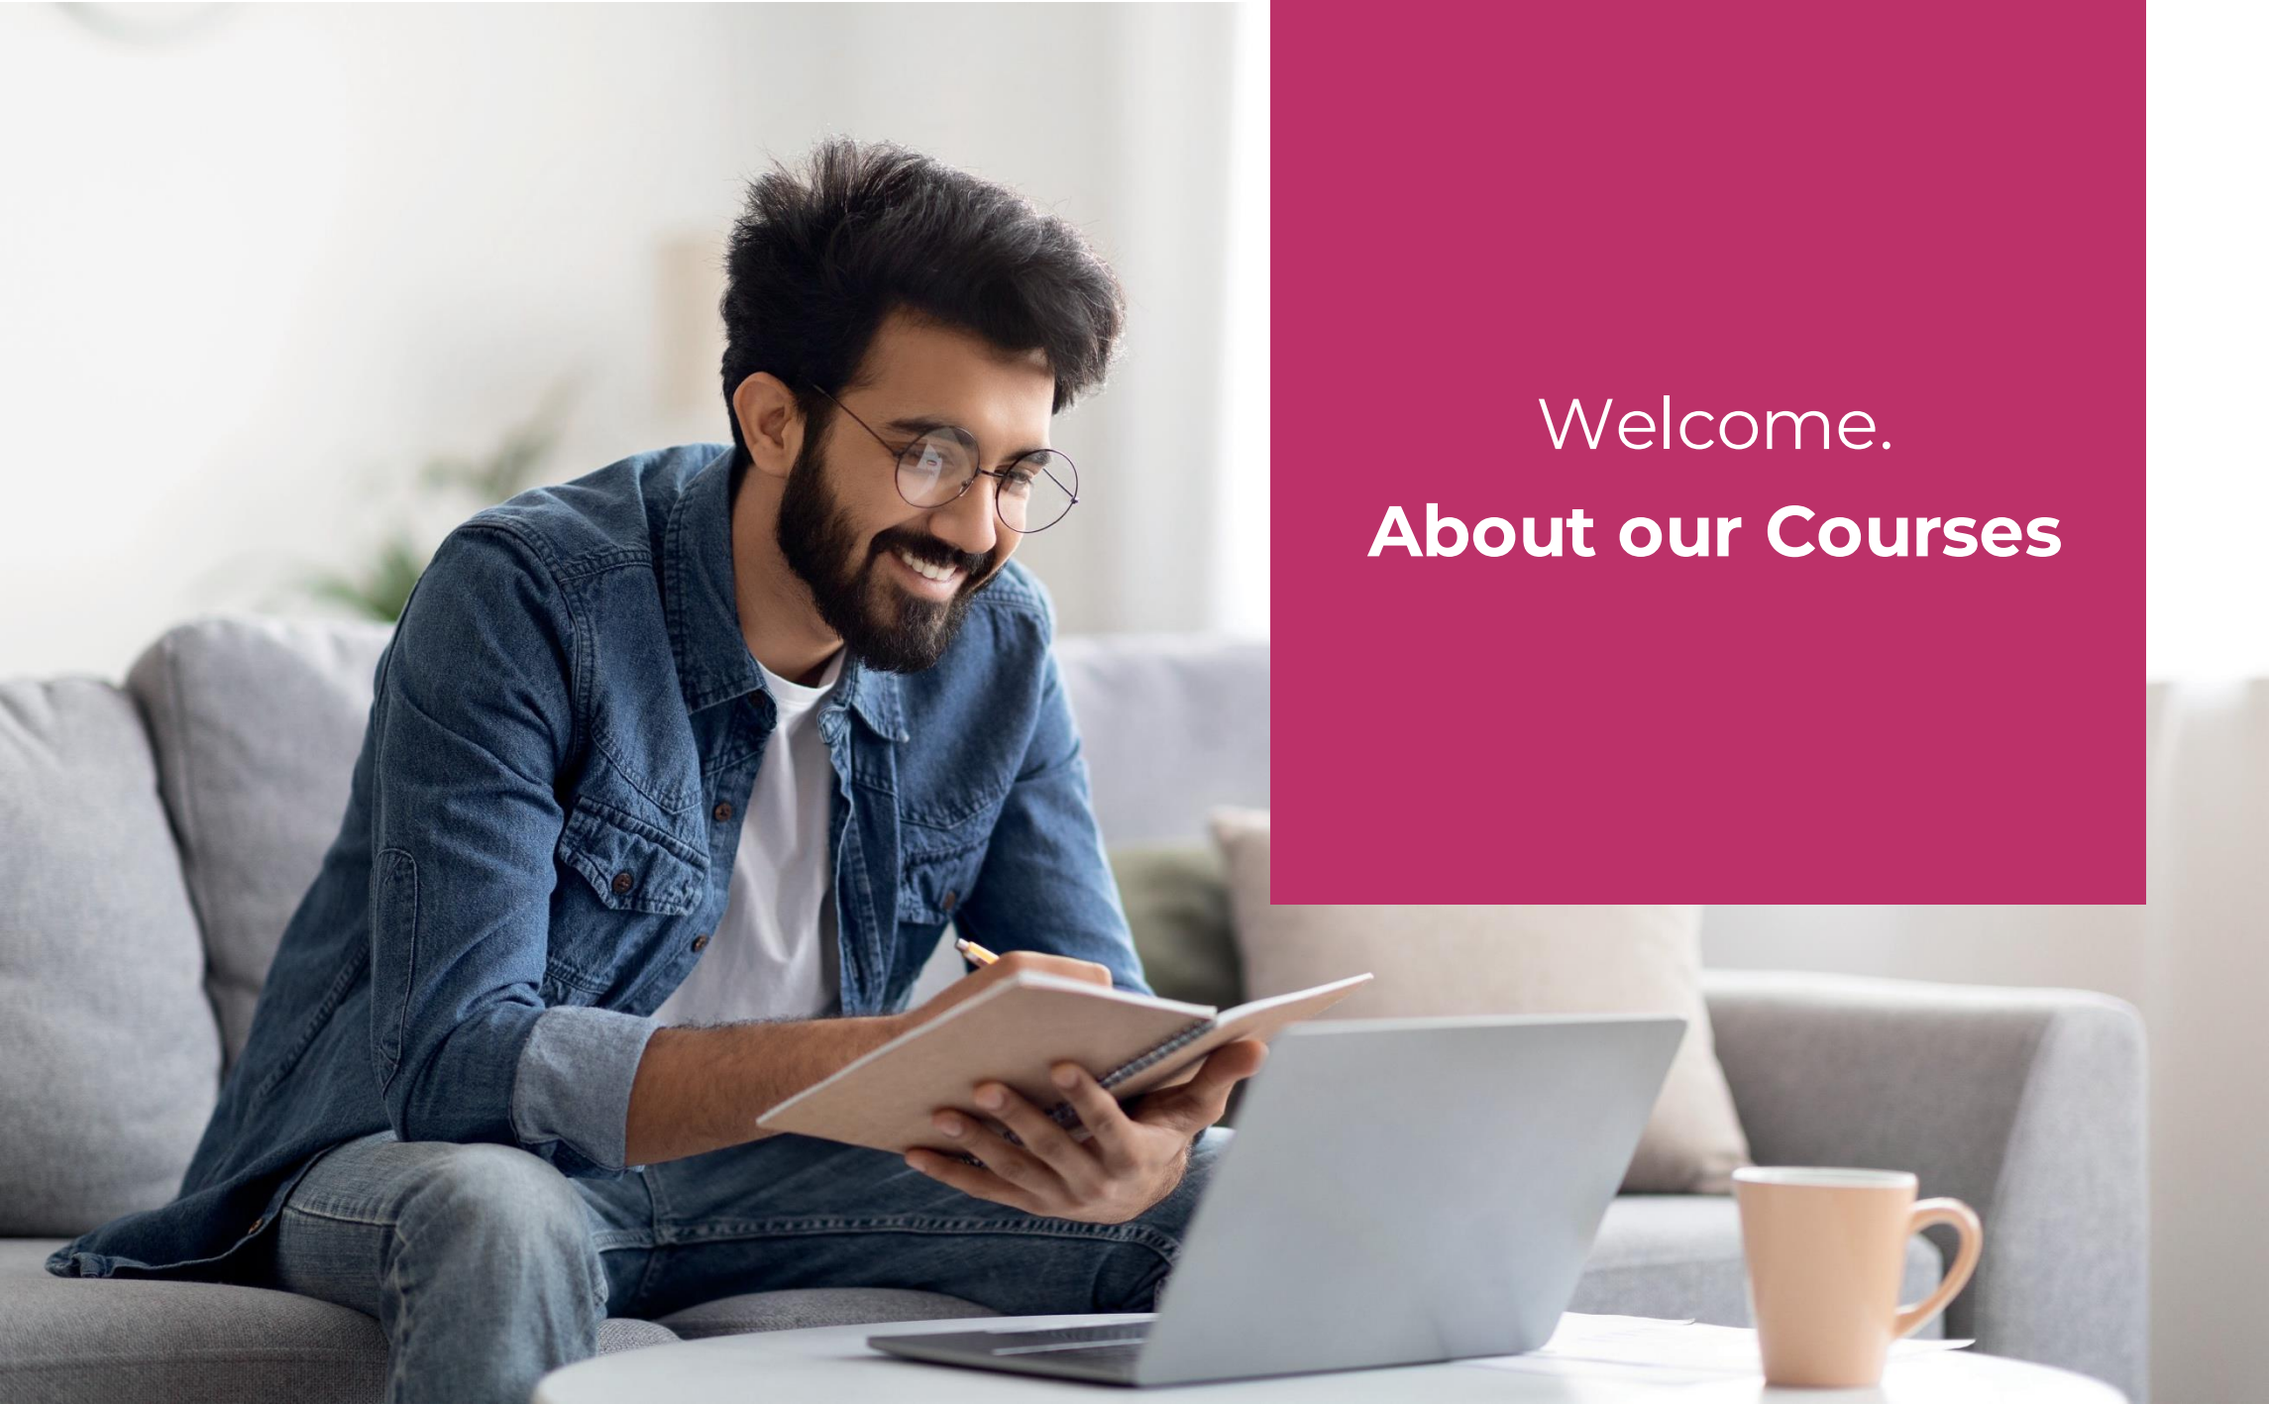
Subject Knowledge Enhancement
Trainee Brochure

Contents



Welcome.

About our Courses

Welcome &
About our Courses

VIDLEARN® is the UK's leading platform for Distance Learning Subject Knowledge Enhancement (SKE) courses for those thinking of training to teach one of the shortage subjects. On one of our courses you will be tutored by professionals in education to ensure that you are fully prepared for your ITT year. You can start a **VID**LEARN® course at any time during the academic year and learn at your own pace.

Best Practice Network work in partnership with VIDLEARN® to deliver the SKE course.

Distance Learning Subject Knowledge Enhancement (SKE) courses are available to trainees following School Direct, SCITT, PGCE or Teach First training routes. The courses are fully funded by the DfE and eligible candidates attract an SKE bursary. We have recently introduced a KS3 module that considers the subject at KS2, KS3 and the transition to KS4. Finally, we offer a selected group of Virtual Lessons for trainees to consider and that are introduced by an ITT subject specialist.

Each of our Science and Maths trainees enjoy the complete suite of Science and Maths resources as Optional Modules!

Following completion of the course, trainees enjoy 2 years of additional free access to the resources.

Additionally, our MFL trainees will all get a free optional subscription to Babbel® Professional to help with vocabulary if needed.

What's Right For Me? **COURSES AT A GLANCE**

Courses at a Glance

8 week – Accelerated GCSE SKE - 200 hours of study

Ideal for candidates needing to boost or refresh their subject knowledge to GCSE level. The 8-week or 200-hour course is structured to take trainees through the DfE specifications up to GCSE level. Trainees have access to the new KS3 resources to support their studies.

12 week – Enhanced GCSE SKE - 300 hours of study

Designed for candidates needing additional support to boost or refresh their subject knowledge to GCSE level. This 12-week or 300-hour course allows trainees to first complete our KS3 resources fully assessed to support their studies on the Core GCSE module.

16 week – Accelerated A Level SKE - 400 hours of study

For candidates needing to boost or refresh their subject knowledge to A Level. The 16-week or 400-hour course is structured to take trainees through the DfE A Level specifications. Trainees have optional access to the GCSE module and KS3 resources to support their studies.

20 week – Enhanced A Level SKE - 500 hours of study

Our enhanced A Level course is designed to provide candidates with a short boost to their GCSE subject knowledge to support their studies of the A Level content. Over 20 weeks or 500 hours, trainees use our KS3 resources, including GCSE Virtual Lessons, as an introduction to the A Level.

24 week – Accelerated GCSE & A Level SKE - 600 hours of study

Our Accelerated GCSE and A Level course is for candidates needing to boost or refresh their subject knowledge through GCSE to A Level. The 24-week or 600-hour course is structured to take trainees through the DfE GCSE and A Level specifications.

28 week – Enhanced GCSE & A Level SKE - 700 hours of study

Our longest course is designed for those trainees who would require subject knowledge development through GCSE and A Level. Here trainees use their 28-weeks or 700 hours to work through our GCSE and A Level modules, having completed the foundation KS3 module.

Am I Eligible?
Enrolling on a Course

Eligibility & **Enrolling on a Course**

To apply for one of our SKE courses, you will need to have been offered a place on an Initial Teacher Training course with successful completion of an SKE a condition of that offer.

It is important that you discuss with your provider which of our courses is most suited to your needs and have a clear idea of the duration of the SKE required. Trainees can simply visit the link at the front and back of this brochure and select the most suitable course. Each of our partners supply their own tutors and course leaders plus additional and unique educational components.

If you are not eligible for DfE funding or would like to pay for the course yourself, please use the contact information at the back of this brochure. We will be able to direct you to the correct course to suit your circumstances.

Following a very quick online application process, the application for your desired course is submitted to us. This will be checked and confirmed as quickly as possible. Pease note that a check with your ITT Provider is necessary as part of this process. As soon as your application is confirmed you will be sent your access details and instructions for starting the course.

Course Support & **What's Included**

Course Support & **What's Included**

Trainees will be encouraged to communicate with each other during the course and our suite of communication tools offers the perfect environment to do so. 'Communicate' includes a very easy-to-use forum. The forum can be used for communication between trainees studying the same subject. Trainees can share external links and documents of interest on the forum by attaching these to their posts. The suite also features the 'Announcements' system. This is a fantastic way for the tutor team to quickly communicate with the SKE cohort.

Vidlearn has a great support record for a very good reason – we strive to resolve all issues within 1 hour. This is achieved through our support team who manually assess every email and respond quickly to ensure that trainees' learning on the SKE is uninterrupted. We do not use automation as part of our support function. Trainees are never without help, you can contact us anytime for a speedy response.

Each trainee who completes the course will receive a formal End of Course Statement. This statement will be provided to the trainee and can be used as evidence that the trainee has met the conditions of their Teacher Training offer.

Included with every course:

- A dedicated Course Leader and Tutor
- Comprehensive technical support
- A Communication suite to keep you up to date
- A substantial library of Core and Optional Resources
- A Full History of your progress
- Liaison with your Provider (if necessary)
- A certificate of completion
- Formal confirmation to your provider of your completion

Chemistry

8 Week GCSE SKE Course (200 Hours)

CORE GCSE MODULE TOPICS

Formulas Compounds and Mixtures
Atoms and Atomic Models
The Periodic Table
Halogens, Alkali and Transition Metals
Ions and Ionic Bonding
Covalent Bonding and Structures
Properties of Materials
Moles, Masses and Formulae
Ratio, Reactants and Concentrations
Metal Reactivity
Electrochemistry
Efficiency and Gas Calculations
Acids and Alkalis
Energy Changes and Cells
Collision Theory
Catalysts and Reversible Reactions
Organic Chemistry
Polymerisation
Testing and Purity
Chemistry of the Earth's Atmosphere
Potable Water and Alternative Metal Extraction
Sustainability

OPTIONAL MODULES

KS3 Science
GCSE Biology
GCSE Physics
GCSE Mathematics

12 Week GCSE SKE Course (300 Hours)

CORE KS3 MODULE TOPICS

KS2 Science
Starting KS3 Science
Moving from KS3 to KS4 Science
A selection of Virtual Lessons in Science

CORE GCSE MODULE TOPICS

Formulas Compounds and Mixtures
Atoms and Atomic Models
The Periodic Table
Halogens, Alkali and Transition Metals
Ions and Ionic Bonding

Physics

8 Week GCSE SKE Course (200 Hours)

CORE GCSE MODULE TOPICS

Energy Stores and Power
Energy and Efficiency
Current, Resistance and Potential Difference
Parallel and Series Circuits
Resistors
Domestic Energy Supplies
Static Electricity and Electrical Fields
Particle Model of Matter
Pressure in Gases and Liquids
Atoms and the Atomic Model
Radioactivity
Uses of Radioactivity
Newton's Laws
Gravity and Work
Speed and Acceleration
Rotational Forces and Momentum
Stopping Distances
Transverse and Longitudinal Waves
The Electromagnetic Spectrum
Reflection and Refraction of Waves
Magnets
Motors, Generators and Transformers
Astronomy and Space
